COMPANY PROFILE

ABOUT US

We are providing Fasteners & Washers such as Plain Washers, Spring Washers (Flat & Square Section) Star Washers, Wave Washers, Conical Washers etc. These are extensively used in various industrial sectors for specific applications. Our range of Industrial Parts Washers and so on. We manufacture these Washers from optimum quality stainless steel, spring steel, brass, copper, bronze, aluminum, etc. that give them longevity. Today we are counted among the pre-eminent Industrial Pressure Washers Manufacturers.

INFRASTRUCTURE

We have a strong infrastructure base, which has the largest fastener manufacturing facility in India. Our manufacturing unit is well equipped with all modern machineries required in the art of manufacturing, our in-bound technical process assists us in manufacturing products that can match various quality standards.

TEAM

We have with us a well trained team of experts having rich experience in their respective field. They possess in depth knowledge of the industry and work with full dedication towards manufacturing of superior quality washers. These are manufactured in adherence to the international standards. With the help of their expertise and customer understanding, we are able to customize our products depending upon the specifications mentioned by our customers.

QUALITY ASSURANCE

All the products, manufactured by us are as per British Standard, Indian Standard, DIN Standard etc. Our work force shares the responsibility of maintaining the quality through our total quality management program. They work on latest engineering tools and manufacture the products as per the norms and standards. Testimony to the top notch quality of our products is coveted ISO 9001 : 2015 Certification which in itself speaks volumes about the quality.
